OBJECTIVE

Seeking a software developer position in Orlando, Florida, Austin/Dallas, Phoenix or Las Vegas where I can use my extensive software development skills in designing, planning, coding and testing in order to develop state-of-the-art software solutions for use by internal and/or external customers.

KEY QUALIFICATIONS

- Over 25+ years of extensive experience in software development
- Demonstrated ability to work through issues effectively and come up with creative and unique solutions
- Hands on experience with many different structured programming languages
- Extensive knowledge of Windows operating systems and web server technologies
- Proven ability to develop and apply concepts of object-oriented programming
- WinForms and web-based application development experience

SOFTWARE DEVELOPMENT EXCELLENCE

- Experience working with customers and determining their needs and objectives and then developing software solutions specific to their needs
- Ten years+ experience developing commercial software using HTML, CSS, AJAX and JavaScript
- Expert in developing SQL database solutions

TECHNICAL SKILLS

Programming: C#, ASP, ASP.NET, VB.NET, Processing, Python, Windows Scripting, T-SQL, and Stored Procedures, JavaScript, JQuery controls, Visual Studio, AJAX

Database: MySQL, SQL Server, Oracle, MS Access

Development: Object-Oriented Design, Technical Documentation, Quality Assurance, and Training

ACHIEVEMENTS

- Have won numerous company awards for developing innovative solutions to complex problems
- Have taught hundreds of eager professionals basic and advanced programming concepts
- Participate in open-source software development to further assist community programmers

PROFESSIONAL EXPERIENCE *(for a complete list please see website at www.keithbruno.com)*

Central Florida Telecom, Inc. – Ocoee, Florida
